**2008-09 Rules and Mechanics Examination – Closed Book**

In 1 – 30, “C” is for correct and “I” is for incorrect.

1. A1 is holding the ball in her backcourt. B1 is in a guarding position at a distance less than 3 feet. After 5 seconds, the official calls a closely guarded violation.
2. The ball shall become dead when any goal is made.
3. A live ball shall not become dead when a foul is committed by an opponent of a player who starts a try for goal before the foul occurs, provided that time does not expire before the ball is in flight.
4. A2 has the ball for and alternate possession throw-in. A3 pushes B1, the official calls A3 for a foul. Team B gets the ball out of bounds and the AP arrow is changed to Team B.
5. A1 releases a try for goal, B1 partially blocks the shot and the ball hits the ring or flange then the shot clock sounds. This is a shot clock violation by team A.
6. Team B scores and A1 has the ball for a throw-in from anywhere along the end line. B1 steps across the boundary line but does not make contact with the ball or the throw-in. The official shall wait until B1 contacts the ball before issuing her a warning.
7. Accidentally striking the ball with the foot or leg shall be a violation.
8. During the first attempt of a one-and-one, A1’s try hits the ring, bounces straight up, and while descending, becomes lodged between the ring and the backboard. The official shall award A1 a substitute throw.
9. A1’s throw-in hits an official who is on the court. After the ball hits the official A1 enters the court and is the first to touch the ball. This is a throw-in violation.
10. A1 is in the key area for three seconds when the ball is knocked away from A2, who is in A’s front court, by B1 and becomes loose. This is a three second violation on A1.
11. During the opening jump ball, jumper A1 catches the tossed ball. Violation on A1. Team B gets the ball for a designated spot throw-in at the division line. The arrow will be set towards Team B’s basket.
12. A1 is attempting a throw-in, the ball is thrown against the front of the backboard and it caroms to A2. This is a throw-in violation on A1.
13. B1 is standing directly under the backboard before A1 jumps for a layup. The forward momentum of airborne shooter A1 causes A1 to displace B1. This is a legal play, no foul is called.
14. A5 is fouled during an unsuccessful try for goal. As A5 goes to the free throw line, A5 is assessed an unsportsmanlike technical foul, which is A5’s fifth and disqualifying foul. The scorer informs the official that A5 has been disqualified. The substitute for A5 would then attempt the free throws awarded when A5 was fouled in the act of shooting. Any team B player shall attempt the free throws for the technical Foul assessed to A5. Play is resumed at the point of interruption.
15. Team A has team control in its frontcourt. A1 is in the three-second lane for 2 seconds when she receives a pass from A2. She turns and drives to the basket and shoots. The official calls a 3 second violation on A1.

16. After the second warning signal sounds after a timeout, A1 goes to the free throw line to attempt two free throws. Before the first free throw, A6 reports to the official scorer and tries to enter the game as a substitute. The official allows this substitution.
17. A1 dribbles and comes to a stop, after which A1 throws the ball against the opponent's backboard and catches the rebound. The official blows the whistle and calls A1 for a violation.
18. B1 commits a common foul on A1 before the bonus is in effect. The ball shall be awarded to Team A at a designated spot nearest to where the foul occurred. During the throw-in but before the clock was started, A2 fouls B2. Team B is in the bonus. B2 shoots one and one.
19. B1 takes a spot on the playing court before A1 jumps to catch a pass. A1 returns to the playing court and lands on B1. This is a foul on B1, team A is in the bonus, A-1 will shoot one and one.
20. A1 jumps to throw the ball. B1 prevents the throw by placing one or both hands on the ball. This is a held ball.
21. Player A1 attempts a try for goal and the shot-clock horn sounds while the ball is in flight. The ball does not hit the ring or flange and is simultaneously recovered by A2 and B2 for a held ball. The AP arrow favors team A. A-1 takes the ball out from the baseline.
22. A1 attempts a try at Team A's basket after having completed the dribble. The try does not touch the backboard, the ring or the flange or any other player. A1 runs and catches the ball before it strikes the playing court. This is traveling.
23. It is traveling when a player falls to the playing court while holding the ball without maintaining a pivot foot or falls to the playing court on both knees while holding the ball without maintaining a pivot foot.
24. A1's pass from behind the three-point line is deflected while in flight by B1, there is no possibility of the passed ball entering the basket from above and the deflection caused the ball to go in the basket, a two-point goal shall be counted.
25. During a try for goal but after A1 has completed the act of shooting, B1 commits a holding foul. The foul occurs before the bonus. The attempt is successful. A personal foul shall be charged to B1 but no free throw shall be awarded to A1. The ball shall be awarded to Team A at a designated spot nearest to where the foul occurred.
26. With the score tied near the expiration of time in the second half, shooter A1 is fouled in the act of shooting but time expires before the release of the ball. A1's try shall be disallowed since it was not released before time expired. Team A is not in the bonus. The game continues with an extra period(s).
27. Before a free throw by A1 is in flight, A3 steps into the free throw lane, and A2 pushes B2. The ball becomes dead when A3 violates the free throw lane provisions; therefore, the pushing of B2 by A2 shall be ignored unless it is a flagrant technical foul for unsportsmanlike conduct.
28. Team A sets a double screen for A1, who, in attempting to come across the free throw lane, is legally obstructed by offensive and defensive players so that A1 leaves the playing court under the basket, circles around, returns to the playing court and then is the first to receive the ball. Official rules that this is a legal play.
29. A1 is injured on a play. The official beckons the coach onto the playing court. After 15 seconds A1 says she can continue to play. The officials allow A1 to stay in the game.
30. A1 is driving toward the basket when an official, while trailing the play and advancing in the direction in

which the ball is being advanced, is sworn at by the coach of Team B. The official shall withhold the whistle until A1 has either made or missed the layup. The official then shall sound the whistle and assess the offending coach a direct technical foul, which could be flagrant. Team A will get two free throws and the game will be continued with Team A taking the ball out at mid-court opposite the scorers table.
